In preparing our students for the 21<sup>st</sup> Century Seacoast Christian Academy students will be assigned a computer network login that will provide the student with access to the internet. Unless a parent has signed this "Internet Opt-Out" form, each student will be given access to the Internet. The proper use of the Internet provides opportunities for research, learning, and web based educational programs. **Some enrichment and curriculum resources programs are only accessible through the Internet including some specific intervention and grade recovery programs.**

The purpose of this form is to give you the opportunity to choose not to allow use of the Internet by your son or daughter. If, at any time during the school year, you would like to rescind your decision and change your permission, you must let the school know in writing.

I hereby release Seacoast Christian Academy, its personnel, and any institution with which it is affiliated, from any and all claims and damages of any nature arising from my child's inability to use the Internet, including, but not limited to, claims that may arise from the unauthorized use of.

I will emphasize to my child that they are not authorized to use the Internet at school and they will not use a computer that is logged in by anyone else or use another student's logon to access the Internet. Their network account will be blocked from accessing the Internet but this is not a complete guarantee that your student will not come into contact with the Internet while at school.
